

BREAK THE SILENCE END CHILD ABUSE

San Antonio has the highest rate of confirmed child abuse cases of all major metropolitan cities in Texas.

- 1 in 10 children in the U.S. are sexually abused
- Only 1 in 10 of those children speak out about their abuse

Cardboard Kids* is a citywide public awareness campaign created by ChildSafe to increase awareness of the pervasiveness of child abuse in our community. ChildSafe is Bexar County's leading child abuse treatment and prevention center offering innovative programs that heal children who have been traumatized by abuse and neglect. Stand with us to stop child abuse in our community. Be a voice for the 5,700 children ChildSafe will serve this year. Donate here:
